

CAPITOL REIMAGINED

CALL TO ARTISTS

EXHIBITION OPPORTUNITY AT THE FLORIDA HISTORIC CAPITOL MUSEUM

The Florida Historic Capitol Museum invites resident Florida artists to submit works for an exhibition in the state's Historic Capitol building. The theme *Capitol Reimagined* will be the focus of the show.

Artists are asked to creatively reimagine a Capitol of the future. Applicants are encouraged to research the history of Florida's Capitol Complex and civic architecture, and envision the future of Florida's Capitol from our 2018 vantage point. Resources and more information, including media categories, can be downloaded at:
tinyurl.com/FloridaCapitolReimagined.

Interpretations of the theme should reflect on the historic foundation for Florida's physical seat of government beginning in 1821, through all modifications, including the initial construction of Florida's modern Capitol Building in 1978 and the ongoing current updates to the Capitol Complex.

ELIGIBILITY

Artists must be a Florida resident over 18 years old to participate. New, emerging and established artists are all welcome to apply.
